**Your way
towards
financial freedom**

Who we are and what we can do for you

As an independent financial adviser and a European management consulting company we assist small and middle-sized company owners as well as international managers in building up capital and securing their wealth in a flexible and fiscally attractive way.

More particularly we assist expatriates and their families in securing their standard of living at a high level now and in retirement.

We start from your wishes and objectives

According to your priority list, we provide you with individual solutions, which are perfectly tailored to your personal financial situation.

Tell us what you want

as a private person

- * Secure your living standard at a high level now and in retirement
- * Individual creation and growth of capital
- * Reduce your income tax and effectively convert it into capital
- * Tax advantageous transfer of capital

as a company owner or a self employed person

- * permanently highly motivated employees
- * effective reduction of non-salary labour costs
- * optimisation of the company's tax burden
- * tax advantageous transfer of company capital into private capital

We show you how to realise it

The right solution is the key to your success

Our individual intelligent “best advice” solutions

- * tax privileged investments in single property
- * limited partnerships investments in commercial property, ships, leasing fund etc.
- * personal financial plan for retirement
- * attractive company pension plan
- * successful worldwide mutual funds
- * optimisation of your tax burden with regards to:
 - Compensation
 - Stock-options
 - Sale of your company

and much more....
