Managing Director

Corporate Financial Advisers, Since 1996

Independent, multilingual investment & wealth management consulting and global financial planning for companies & expatriates

The best solution for every need, from GFI.

Since 1996 we have been specialising in advisory and brokerage services for companies and expatriates. We know about the nuances and stringent requirements which affect our corporate clients. Our client base includes small and medium-sized enterprises but also listed companies.

Through ongoing training we are always up-to-date; many years of experience coupled with professional expertise enable us to guarantee high quality comprehensive advisory services. Even across multiple European languages. It's not for nothing that we belong to the Top 500 independent financial advisers in Germany.

Corporate financial concepts from GFI: Profitable, attractive and competitive

You should set the future of your company on a first class foundation. We offer you all the necessary building blocks:

With a well-designed company pension scheme you achieve more than just an additional attractive incentive for your employees. The whole company benefits from a very well thought-out pension scheme. With over 20 years' experience we are truly experts in this field. We also offer solutions for tailor-made tax optimized corporate health insurance concepts as an integral part of modern corporate health management as well as solutions for succession planning, early retirement and sabbatical leave.

GFI – International and multilingual

You are an expatriate or working with expatriates? Yet another good reason to speak with us, because we have also gained a lot of experience in this field. Furthermore, we advise in English, French & German; a significant advantage for you, when it comes to explaining complex ideas and situations. In addition, you benefit from our financial concepts portfolio ranging across several European countries.

Successful Corporate Financial Concepts - You too can profit from our extensive experience and international orientation

Build on our experience and competence – with GFI financial concepts

Whether we are dealing with occupational pensions, corporate health management, succession planning, early retirement or sabbatical leave – we know exactly, what you should be aware of and how you can best benefit from the numerous offers on the market. We are working closely together with a network of internationally operating auditors, tax advisers, specialised lawyers and experts, in order to provide you with tailor-made solutions, which help you achieve your financial goals. As an independent financial adviser, we choose for our clients exclusively successful solutions over the long-term. We have built our business by earning our clients trust. We are proud to have the expertise to deliver a tailor-made, transparent and independent financial advice which delivers results.
